

# CARD VALET

## Your Card, On Your Terms

**Control your debit card usage and spending on the go with the Card Valet**

---

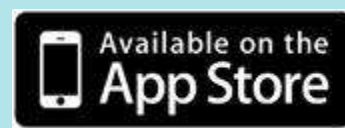

Card Valet is a free mobile app that helps reduce account fraud by allowing cardholders to monitor accounts with their smartphone and allow more control when using a Melrose First FCU debit card for purchases.

The benefits of Card Valet include:

- 
- Usage controls: You can establish spending limits and monitor the types of transactions you make, including purchases for travel, gas, restaurants, grocery stores, etc.
  - On/off settings: When you set your card to “on” your transactions will be allowed (as you have established them). When you set your card to “off” purchases will not be allowed until you turn your card back on. If your card is lost or stolen, you can simply turn your card off, and any purchases will be disabled.
  - Location-based controls: My Location lets you restrict transactions to merchants within a certain area based on your smartphone’s GPS. Any transaction made outside that location can be declined.
  - Inactive alerts: Card Valet can be set up to send real-time alerts when a card is used, when a transaction has been approved or when a transaction has been attempted but denied.

---

Card Valet is available for:

---

Just download the Card Valet app from your mobile device’s app store and enroll your Melrose First FCU MasterCard debit card today. View our [CardValet Quick Start Guide](#) to learn how to set up your alerts and begin monitoring your card transactions.
